FEED OUR WORLD

2019 FOOD PARCEL DISTRIBUTION

PROJECT OVERVIEW

WHAT WE DID

Distributions were completed in collaboration with local partners, including but not limited to Amoud Foundation, Islamic Help, Global One, Islamic Help, ILM, Read Foundation, and Beyaz Eller. We worked to mitigate the economic situations of families and their children through the provision of both food packs and hot meals. We identified who met beneficiary selection criteria to provide malnourished children, women, men with nutritious food. The selection of food items was based on joint planning and discussion with the relevant stakeholders such as local residents and community leaders to ensure that the items reflected the most urgent needs of beneficiaries.

WHERE WE DID IT

Pakistan, Palestine, Bangladesh, Bosnia, India, Kashmir, Syria, Yemen, Somalia, and Central African Republic

WHY WE DID IT:

We conducted this seasonal project to alleviate the effects of food scarcity and poverty on vulnerable communities during the holy month of Ramadan. Provision to the needy during Ramadan is an Islamic religious obligation, specifically the relief of hunger.

Ramadan Distribution, Djibouti

10,927
Total Benefitted:

Across
10 Countries

PROJECT OVERVIEW & OBJECTIVES

Also, after the worst drought since 2016 hit Somalia, many people fled from their villages to the capital city of Mogadishu due to hunger and in search of humanitarian relief/aid.

Finally, the resurgence of violence in the Central African Republic since 2017 has further exacerbated the humanitarian needs of the already vulnerable communities, which has continued to rise due to food insecurity, forced population displacement and limited access to basic necessities.

WHAT WE ACHEIVED:

We served 2,034 food parcels and hot meals to 10,927 individuals.
