## EMERGENCY RESPONSE

2023 - 2024 REPORT

## HOW WE'RE SUPPORTING GAZA

- In October 2023, we responded immediately to the emergency in Gaza by locally procuring and distributing emergency food and hygiene supplies through our Gaza-based partner, supporting over 500 people.
- With your generous support, we've sent essential aid in through designated UN channels, getting life-saving supplies to places where few others can.
- We are continuing to distribute locally procured supplies while also supporting trucks bringing in essential aid from Egypt.
- As long as it is needed, we will continue to support distributions of food, water, and medical supplies to those in need.
